

Armstrong "River Hawks

Last year schedule

Last year's overview: Last year, Armstrong's team was a very impressive one. In the regular season, they went 8-1 in the regular season. Then they went 2-1 in the playoffs, losing in the second round to McKeesport in a heavyweight bout.

Offensive Overview: The River Hawks offensive was a passing juggernaut. Cadin Olsen, their former QB, had over 3,000 total yards and 43 total touchdowns. They had one of the strongest wide receiver cores in the WPIAL. Their top three wide receivers all had over 500 yards on the season. Then there was the running game, which was also dominant. Their top tailback had 996 total yards on the season.

Defense overview: The River Hawk defense had a good year only allowing a total of 17.9 points per game.

Overall: This River Hawk team is going to be fun to watch this year. They retain all their top wide receivers and running backs for this upcoming year. They will unfortunately lose QB Cadin Olsen, as he was a senior last season. Even though he was the main key to this team, it should not hurt them too much, as the next quarterback is being handed a perfect situation to learn from with so many older players coming back.
