

Connellsville Falcons

This year's schedule

**Last season Overview:** Last season was filled with disappointment as the Falcons went 2-8 overall. They had only one win in six sectional games. Even though there were only two wins, they had meaning as both wins, but they snapped a losing streak against that team.

Date	team	Score
08-25	@ Albert Gallatin	W 16-13
09-02	@ Hempfield Area	L 49-0
09-09	vs. Franklin Regional	L 40-0
09-16	@ Trinity	L 35-14
09-23	vs. Ringgold	W 20-6
09-30	vs. Hampton	L 55-19
10-07	@ McKeesport	L 48-0
10-14	vs. Greater Latrobe	L 43-13
10-21	@ Thomas Jefferson	L 58-0
10-28	vs. Laurel Highlands	L 46-0

**Offense:** The Falcons offense could not put up any points, as they averaged just 8 points per game. They only scored twice a game in the 20-6 win over Ringgold, and they were shut out five separate times last year.

**Defense:** The Falcons defense did about the same as the offense. In 10 games played, I averaged 39 points per game given up. In seven out of eight losses, they let in 40 plus, with the odd game being 35 points.

**Overall:** The Falcons need to completely scrap everything they did last year. The offense needs to find a new style of play, as putting up eight a game is terrible, as that is barely over a touchdown a game. With them keeping their starting quarterback and receivers,

expect them to air the ball more on offense. On the defense, they need to limit the scoring as they have an offense that struggles, they need to help them out.
