

Deer Lakes Lancers

Last year schedule

Last year's overview: Last year was a stepping stone year as they ended a 6-year playoff drought. They went 4-7 overall and 2-3 in section play.

Offense overview: The Lancers offense was very inconsistent this past year. They averaged 13 points a game just shy of two touchdowns a game. They only had three games where they scored more than two touchdowns a game. They could move the ball though as their Quarterback had over 1,400 yards and 9 Touchdowns. Their running game was solid as they had a one-two punch as both running backs ran over 400 yards each.

Date	Team	Score
08-26	@ Keystone Oaks	L 19-7
09-02	@ Burrel	L 27-21
09-09	vs. Apollo-Ridge	W 43-7
09-16	@ Greensburg-Salem	L 28-14
09-23	vs. Southmoreland	W 9-0
09-30	vs. Knoch	W 37-36
10-07	@Valley	W 7-2
10-14	vs. East Allegheny	L 42-7
10-21	vs. Shady Side Academy	L 20-0
10-28	@ Freeport	L 42-10
11-04	@ Beaver	L 17-3

Defense: The lancer's defense was their weaker link last year. They kept them out of games giving up an average of 21 points a game.

Overall: This Lancers team has a solid chance to be good. They have a senior offense, as all key spots come back this year. They need to work on their defense this year if they want to win. Giving up 21 games with an offense that cannot score every game is not good to have. I expect them to do better this year than last year.
