

### Highland "Golden Rams"

### Last year Schedule

**Overview:** The Golden Rams went from two years ago winning 4 games to 7 to now winning 9 games. This is another year in the right direction. They went 9-2 on the year including a playoff berth.

**Offense Overview:** The Golden Ram's offensive was more of an air attack than pounding the run. Now-graduated Quarterback Chandler Thimons had 964 yards and 12 touchdowns, going 63 for 125. He had three different receivers over the 200 mark on receiving. The running game had some good production, as their top rusher had 798 yards with a 6.0 average.

**Defense overview:** The Golden Ram's defense had another good year averaging schedule 17 points per game. This is why they were able to win because the defense was there to save the day.

### Overall:

I would expect The Golden Rams to have another solid year as their new QB Aaran Randolph is turning heads at every 7 on 7 he is at. If they can use the game plan from this past season to this year they would be in a good spot.
