

# McKeesport Preview:

**Last Season Overview:** The Tigers had yet another impressive year. They went 11-2 overall and 5-1 in section play.

**Offensive Overview:** The Tigers offensive was dominant on the ground. They had two tailbacks that ran over a thousand yards. Their air attack was not as successful as they only had 6 touchdowns. This made them one-dimensional as they had to rely on the running game.

**Defense Overview:** The Tiger's defense was fun to watch. They were hard-hitting and flew to the ball on every play. Their opponents averaged 16 points scored per game when they played

them.

**Overall:** In my opinion, the Tigers will have another strong year. Even though they lost most of their team they have players in the wings hungry to play. There are players who have all the talent on that sideline right now. I have them going 7-3 on the year only because they will have growing pains with so many young players.
