

Montour "Spartans"

Last Year's Schedule

Last year's overview: The Spartans had a good year, going 7-5 and having a playoff berth. The only knock on this team from last year was that they were a younger team with not a lot of experience.

Offensive Overview: The Spartans offensive last year was scary. They had a style of football that fits their team perfectly. Their passing game was killer as their now senior QB had over 1,400 yards which is his third season in a row with over 1,000 yards. They also had five total players with over 100 receiving yards. The only side of the offensive that struggled was the running game. They had two strong runners with over 300 yards.

Defensive Overview: The Spartan defense was solid as they kept them in games to win. They have only 5 games where they let in 20-plus points.

Overall: This spartan team is going to be fun to watch, as they retain all their key positions on both sides of the ball. The Spartans have a really good shot of making a run this year.
