

Moon Preview:

Last Season Schedule:

Last Season Recap: After falling just short in 2021 for the 5A title at Acrisure Stadium, the Tigers found themselves in a rebuild finishing last year with a 1-9 overall record.

Offense: Offensively the Tigers had two different QB's throw for 100+ yards but with no TD passes and four INT. Then sophomore Nazir Brookins led the entire team with 124 rushing yards and in total yards. No other rusher or receiver had more than 77 yards last season, and Josh Bladel led the team with 4 total TDs.

Defense: Only one game this season did the Tigers allow less than 34 points. In their only win, against Baldwin in week 9 is when that happened.

DATE	TEAM	SCORE & RESULT

9/01	@ Montour	14-2 L

Overall: Moon is destined for the same fate for this year as last. Granted some 5A teams have lost a lot of talent due to graduation, however the young offensive line from last season has gotten some upgrades to help the offensive production.
