

North Catholic Preview:

Last Year's Overview: The Trojans went a completely opposite way than last year. Last year they went 12-1 and played all the way to the WPIAL championship. This year they went 5-5 overall and 3-3 in the conference.

Offense Overview: The Trojan offensive was lackluster as they could not move the ball. They had problems throwing the ball as Senior Quarterback Jason Siket threw for 700 total yards with 8 touchdowns and 5 interceptions. The running game was average as they had a couple of tailbacks who ran over 200 total yards, but not enough to be considered a threat to teams.

DATE	TEAM	SCORE & RESULT
8/26	@ Serra Catholic	37-14 W
9/02	Vs Shady Side Academy	21-10 W
9/09	@ Aliquippa	26-0 L
9/16	@ Highlands	17-7 L
9/23	Vs Kiski Area	33-21 W
9/30	@ Armstrong	35-19 L
10/07	Vs Hampton	13-7 W
10/14	Vs Avonworth	37-7 L
10/21	@ Indiana	41-0 W
10/28	Vs Mars	21-14 L

Defense Overview: The Trojan defense was not the best as they could not stop the other team at all. With them not putting up the points like last year they were not able to win

Overall: I see this team doing what they did last year again. What could change this is if they improve their defensive scheme. They need to shut down some teams so their offensive can keep up.
