

# Seton LaSalle Preview:

**Last Season Recap:** The Rebels went winless in their 2022 football campaign.

**Offense:** The Rebels offense was held to 7 points or less five times last year, and the closest margin they lost by was 14 points.

**Defense:** The Rebels had four games where they gave up 50+ points, six games allowing 40+ points and only one game where they allowed 20 points.

**Overall:** The Rebels have a lot of work to do if they wish to better themselves this season from last, however the environment at Seton right now shows this team is hungry and ready to win.
