

South Side Preview:

Last Season Recap: Overall the rams had a pretty awesome season finishing 11-2 on the year. They ended up only losing 1 game in the regular season against Laurel. They made it all the way to the state playoffs where they would end up losing to Bishop Canevin.

Offense: Most of the Rams offense came behind the running game. 2024 Ryan Navarra rushed for 68.1 YPG With 2024 Brody Almashy being right behind him with 51 YPG. Overall the offense looks pretty good for this upcoming season.

Defense: The defense for the Rams was pretty stellar. They rarely gave up more than two touchdowns a game. Most of the team's Defensive roster averaged a sack per game.

Overall: After coming off a great season last year the Rams will look to do the same exact thing this year. They will be faced with Shenango, Laurel and Union to end the year though so we will see what happens.

Season record prediction 6-4
